

The World of Tomorrow Awaits!

EON Innovation Academy Open Houses

December 10 from 1–4 pm

December 15 from 5–7 pm

Advanced Technology Environmental and Energy Center (ATEEC)

201 N. Harrison Street in Davenport, IA

Eastern Iowa Community Colleges has partnered with **EON Reality**, the world leader in virtual and augmented reality training, to bring the **EON INNOVATION ACADEMY** to the Quad Cities.

One of only four in the country, the EON Innovation Academy teaches the skills needed to create Virtual Reality and Augmented Reality applications for industry and training in many diverse fields – including architecture and product visualization, game creation, multimedia design, and broadcast media.

In this fast-track program, students receive 11 months of training, including 7 months working directly on real-life projects in different market segments.

Virtual/Augmented Reality is one of the fastest growing sectors in our economy. The technology is spreading far beyond the gaming world to business, where companies are using it to train their employees on all sorts of work tasks. Find out how you can tap into this career growth.

Join us at an Open House and learn more!

- Check out the Virtual Reality lab and try the equipment for yourself.
- Explore career options using virtual reality applications.
- Find out more about the EON Innovation Academy – coursework, class schedule, and steps to enroll.

Applications are currently being accepted.
