

AI² Income Academy

Empowering India's Workforce with Practical AI Skills

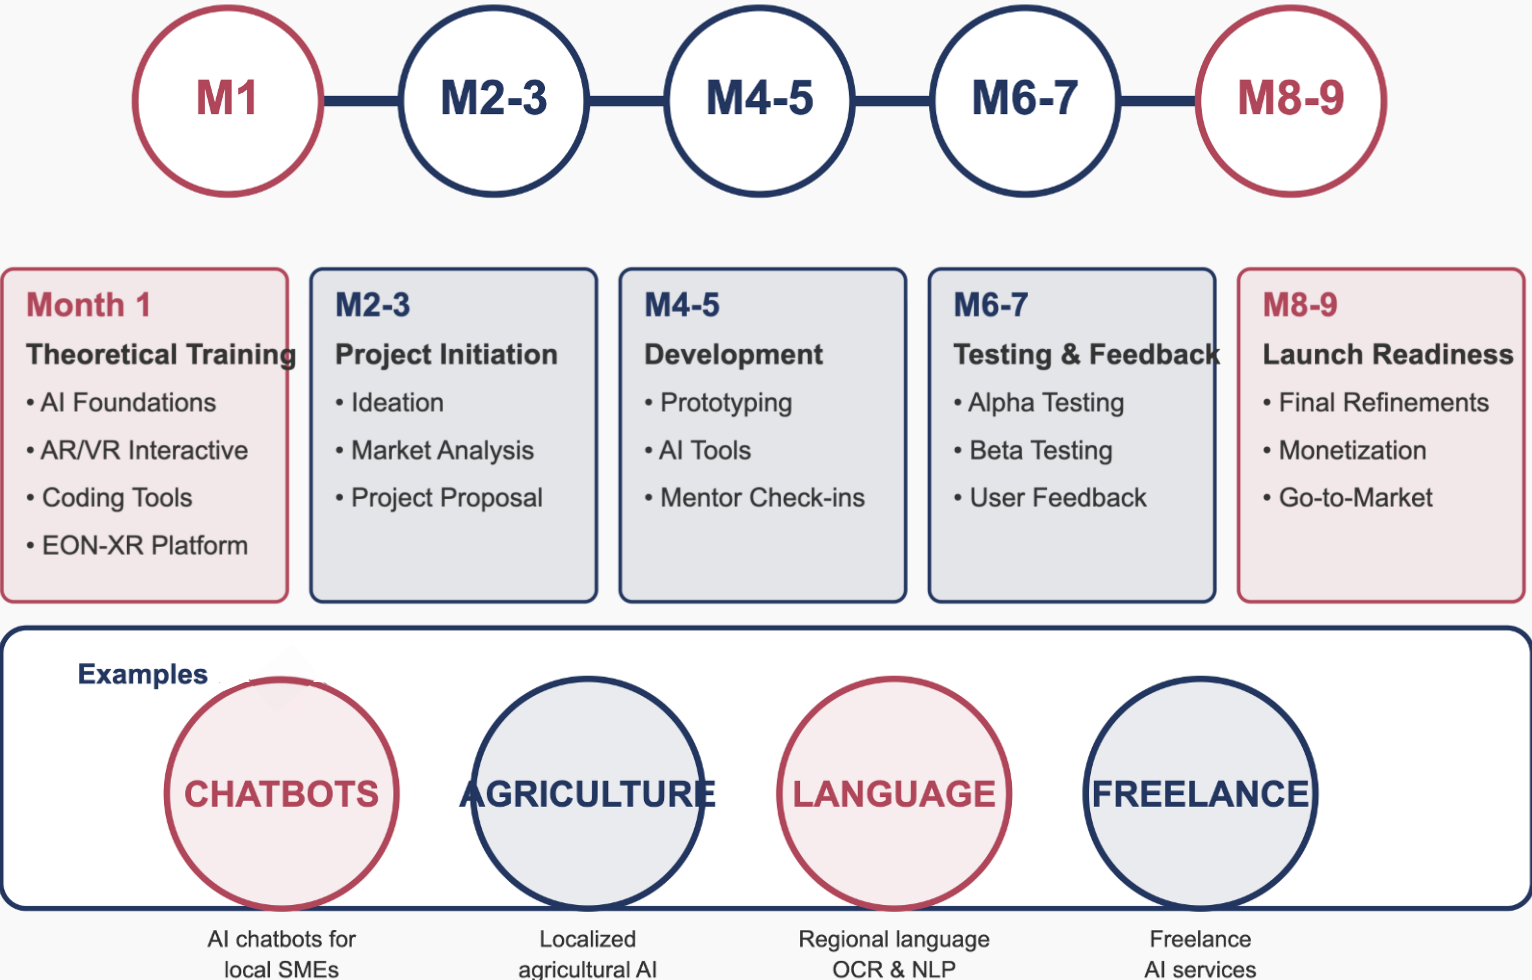

PURPOSE: Equipping India's unemployed youth and displaced workers to generate income through AI-driven entrepreneurship and innovation.

- 1 Addresses job displacement due to AI automation.
- 2 Provides practical, income-focused AI skills.
- 3 Aligns with India's goal to become a global AI hub.

Program Structure

9-Month Structured Path to AI Income Generation

Month 1

Intensive AI Foundation

Learning Modules

- **AI Fundamentals**
Machine Learning, Deep Learning Basics, Ethical AI Use
- **Coding & Automation**
Replit, Manus AI, Cursor AI
- **Practical Data Handling**
Data preparation, analytics, visualization

Delivery Method

- **Online, Self-paced**
Interactive modules available 24/7
- **Weekly Live Sessions**
Mentor interactions and Q&A
- **AR/VR Interactive Demos**
EON-XR platform for complex concept visualization

Support Structure

- **Brainy Avatars**
AI-driven virtual assistants
- **Live Q&A Sessions**
Weekly virtual classrooms

Week 1-4: Preparing for Project-Based Learning in Months 2-9

Months 2-9

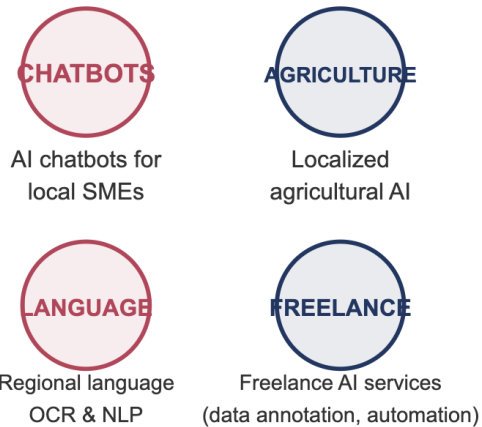

Project-Based Learning & Entrepreneurship

Phase Structure

- 1 Month 2 (Project Initiation)**
Ideation, market analysis, and project proposal
- 2 Months 3-5 (Development & Testing)**
Building prototypes using AI tools, regular mentor check-ins
- 3 Months 6-7 (Deployment & Feedback)**
Alpha and Beta testing, user feedback
- 4 Months 8-9 (Launch Readiness)**
Final app/product launch readiness, commercialization strategy (app stores, B2B)

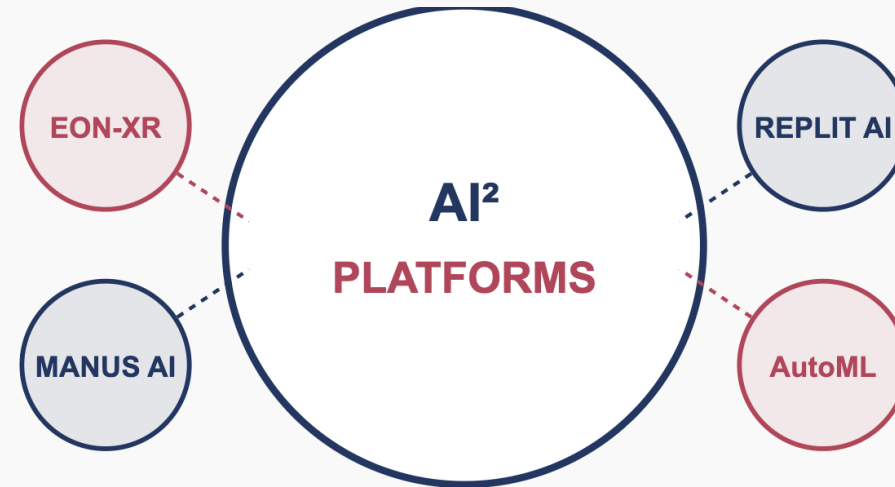

Examples of Projects

Developing Practical AI Solutions for Real-World Impact

Tools & Platform Provided

Technology & Mentorship for Success

Technology Platforms

- **EON-XR**
Interactive AR/VR learning platform
- **Agentic Technologies**
Replit AI, Manus AI, Cursor AI
- **Low-code/No-code tools**
Business process automation, AutoML

Mentorship

- **Online Live mentoring**
Industry experts providing guidance
- **Local facilitators**
Brainy team for real-time support
- **AI-powered virtual tutors**
Brainy Avatars for 24/7 assistance

Outcomes & Impact

Transforming Lives Through AI Skills

Immediate Outcomes

- 1 Practical AI proficiency**
Students gain hands-on skills with industry-relevant AI tools
- 2 Market-ready AI solutions**
Developed by each participant/team addressing local needs
- 3 Enhanced employability**
Startups, freelance opportunities, and improved job prospects

Long-term Impact

- 1 Reduction in youth unemployment**
Creating millions of new income pathways
- 2 Localized AI-driven opportunities**
Supporting community-specific needs through grassroots innovation
- 3 Sustainable income generation**
For individuals and communities across diverse economic sectors
- 4 Development of AI talent pool**
Aligned with India's national AI goals

Funding and Strategic Partnerships

Building a Sustainable Ecosystem

Funding Sources

● Government

- Local state funding
- Ministry of Skill Development
- MeitY, Skill India Mission
- NSDC grants

● International Development Agencies

- World Bank, UNDP, UNICEF

● Corporate CSR Initiatives

- Indian IT corporations (TCS, Infosys)
- Multinational tech companies

Partnerships

● NGOs

- Pradhan, Plan India
- Grassroots implementation partners

● Educational institutions

- Colleges, universities
- ITIs (Industrial Training Institutes)

● Private sector and impact investors

- Venture funds
- CSR initiatives

Vision and Call to Action

Creating an Inclusive, AI-Driven Economic Future

**100 MILLION
EMPOWERED
YOUTH BY 2030**

Vision

Transforming India into a global leader in practical AI skills for income generation

Key Goals:

- Empowering over 100 million youth by 2030
- Creating new AI-driven economic opportunities
- Building India's AI talent leadership globally

Next Steps

- **Finalize state and funding partnerships**
- **Launch full-scale program targeting 130,000 users per state**
- **Continuous improvement and scaling nationwide**

"The ultimate vision: every unemployed youth in India knows that with just an internet connection"

"and EON AI² Income's training, they have a pathway to a well-paying career."
