THE NUMBERS DON'T LIE

GCC Higher Education Is at a Crossroads.

70%+

GCC Jobs Held by Expatriates

Vision 2030 demands nationals fill knowledge roles — the same roles AI is automating first.

40%

White-Collar Tasks Automatable Now

Banking, government admin, HR, legal — the exact sectors nationalisation programmes target. (Anthropic, 2026)

60%

GCC Population Under Age 30

The largest youth cohort in GCC history entering a labour market being restructured by AI in real time.

$15B+

Annual GCC Education Spend

Governments investing billions in credentials that train nationals for roles AI will reach before they graduate.

THE VISION 2030 PARADOX

The roles nationals are being trained for are the first AI will automate.

"Saudi unemployment for nationals stands at 11.7% — despite SAR 30B+ in annual training investment."

— GASTAT (General Authority for Statistics, Kingdom of Saudi Arabia), 2025

62%	of GCC banking & financial services tasks are automatable — the #1 nationalisation target sector *Anthropic Economic Index, 2026*
55%	of government administration roles face AI exposure — the sector absorbing most Saudization hires *WEF Future of Jobs, 2025*
92M	jobs displaced globally by 2030 — GCC's young, educated workforce faces acute exposure *World Economic Forum, 2025*
6M+	additional skilled workers GCC needs by 2030 — AI reduces demand for 40% of those planned roles *PwC Middle East, 2025*

FOUR QUESTIONS FOR YOUR INSTITUTION

Partner.
Or get
left behind.

Vision 2030 demands nationals fill knowledge-economy roles. AI is automating those roles faster than any university can train for them. The institutions that survive this are the ones who answer these four questions.

THE HARD QUESTIONS

1 — Can you show a student a Ministry-recognized path from enrollment to a career AI cannot replace?

2 — Can you certify mastery in weeks — not years — in the skills NEOM, Vision 2030, and GCC giga-projects need now?

3 — Can you provide credentials your students can use across all six GCC states and internationally?

4 — If not — why would a national graduate choose your institution over a platform offering a #6 world-ranked European degree at 1% of the cost?

WHAT EON DELIVERS TO YOUR INSTITUTION

Everything your students need.
Nothing you have to build.

🎓 British-Accredited European Degree

Certificate → Diploma → Bachelor's → Master's. British Accreditation Council recognized. #6 world ranked. Bologna-aligned. Accepted by GCC ministries, employers, and 500+ universities globally.

🧭 Career Compass — Mapped to GCC Priority Sectors

9,000 courses mapped to Vision 2030 roles: NEOM, tourism, fintech, renewables, defence. Students see their pathway on day one. Not a promise — a data-backed route to nationalisation-compliant employment.

🥽 Immersive 3D Learning — 4× Faster

EON Genesis converts ARAMCO procedures, ADNOC protocols, and GCC institutional knowledge into immersive AI training. Arabic-first delivery. Sharia-compliant content. Culturally aligned throughout.

🚀 Venture Builder — From Employee to Founder

Displaced professionals build AI-powered ventures in 90 days. Banking analysts to fintech founders. Engineers to predictive maintenance SaaS. Full income infrastructure from day one.

💰 1% of GCC Tuition Cost

GCC universities charge $15,000–$60,000/year. EON delivers a formally accredited European university degree at approximately 1% of that cost. Same credential. Same international recognition. Zero compromise.

🤝 Ministry-Ready. One Agreement.

Designed for HRDF (KSA), NAFIS (UAE), Tamkeen (Bahrain) integration. Arabic-first, on-premise data sovereignty options. Your institution's brand stays front. Activate for your entire student body in weeks.

02   Professional Diploma

03   Bachelor's Degree

04   Master's Degree

ALREADY DEPLOYED. NOT A PILOT.

Deployed in 80+ countries. 4,400+ institutions. 136 million+ downloads. 25 years of infrastructure.

DIMENSION	TRADITIONAL GCC UNIVERSITY	EON GLOBAL VIRTUAL CAMPUS
Cost to student	$15,000–$60,000/year · $45K–180K total	~1% of GCC university cost
Accreditation	Local/regional only · varies by state	British-accredited · #6 world ranked · Bologna-aligned · Ministry-compatible
Job mapping	Curricula designed for pre-AI economy	9,000 courses → Vision 2030 AI-resilient careers, updated continuously
Learning format	Lectures · limited Arabic delivery	Immersive 3D · Arabic-first AI mentor · verified skill assessment
Time to credential	3–5 years · rigid semesters	Weeks to months — on demand · 90-day intensive pathways
Data sovereignty	Mixed · often offshore platforms	On-premise GCC options · SAMA/TDRA compliant · data stays in-country
Ministry alignment	Varies · often misaligned with HRDF/NAFIS	Designed for HRDF (KSA) · NAFIS (UAE) · Tamkeen (BH) integration

EON AI Ventures

Ready to offer your students a Top 6 world-ranked degree at 1% of GCC university cost?

The infrastructure is live. The credentials are real.

British-accredited. Ministry-aligned. Arabic-first.

1 Activate EON platform for your institution — one agreement

2 Enable British-accredited credentials for your enrolled students — white label or co-brand

3 Co-announce with EON + UBT — position your institution at the frontier of Gulf education

4 Set your own student pricing — we provide the infrastructure and Ministry-ready documentation
