

EON Opens Global Virtual Campus to the World.

SCAN

9,000 COURSES. FREE. FOREVER.

Effective immediately.

This is not a free trial. This is permanent.

✓ All course videos & lectures — Free

✓ All curricula & learning pathways — Free

✓ All podcasts & written materials — Free

✓ 17 industries, 80+ countries — Free

If Coursera charges for it — we give it away.

Way 01

Physical Campus

0–200K/year

Way 02

Coursera / edX

Videos. No teacher. No lab.

Way 03

Global Virtual Campus

AI teacher · 3B labs · Degree · 1%

FREE — FOREVER

No account. No paywall. No expiry.

- 9,000 course curricula & pathways
- All videos & recorded lectures
- All podcasts & audio content
- All written materials
- No registration required

THE EXPERIENTIAL LAYER

What no one else has. At any price.

- 9,000 AI Expert Mentors — persistent
- 3B Extended Reality Labs
- University Degrees — Cert to Master's
- 3-Layer Integrity Suite
- KTE Reporting — 5.2× baseline

Effective Immediately:

9,000 Courses. Free. Forever.

No account. No paywall. No password. No catch.

What is free:

- All 9,000 course curricula & pathways
- All course videos and recorded lectures
- All podcasts and audio content
- All written materials and reading resources
- No registration required

What we charge for:

- 9,000 AI Expert Mentors (persistent, adaptive)
- \$53B Extended Reality Labs
- University Degrees — Certificate to Master's
- The Dual Diploma (academic + government track)
- 3-Layer Integrity Suite
- KTE Reporting — 5.2× baseline

Three ways to learn. Only one that works.

Way 01

The Physical Campus

- Real buildings, real cost
- Geographic barrier
- 4,000–40,000 / year
- Serves 0.1% of those who need it

Way 02

Online Content Platforms

- Coursera, edX, LinkedIn Learning
- Videos and PDFs — no teacher
- No real credential
- No labs, no verification

Way 03

Global Virtual Campus

- AI teacher who knows you
- 3B in spatial labs
- #6 ranked university degree
- At 1% of traditional cost

If Coursera charges for it — *we give it away.*

9,000 Course Curricula

All structured learning pathways across 17 industry segments

All Podcasts

Audio learning content for every course

No Registration

Visit the campus. Browse. Learn. No barrier of any kind.

All Course Videos

Every recorded lecture and video lesson — free

All Written Materials

Reading resources, PDFs, and course documentation

80+ Countries

Available globally, multiple languages, zero cost

What no one else has.

At any price.

01

Permanent

9,000 AI Expert Mentors

Persistent. Adaptive. They see you, remember you, grow with you.

02

3B

XR Labs — 3B Equipment

Perform real procedures on digital twins of actual industrial assets.

03

#6

University Degrees

Certificate to Master's. UBT #6 globally. British-accredited. Bologna-aligned.

04

2-in-1

The Dual Diploma

Academic track + government workforce track. One credential, two recognitions.

05

3-Layer

Integrity Suite

Written + oral + XR performance exam. Cannot be faked.

06

5.2×

KTE Reporting

5.2× baseline. Measurable proof of learning handed to employers.

GVC vs everything else.

	Coursera / edX	Global Virtual Campus
Course content & videos	Paid	✓ Free, always
AI teacher who knows you	✗	✓
3B XR equipment labs	✗	✓
Accredited university degree	✗	✓ Certificate → Master's
3-layer verified integrity exam	✗	✓
KTE employer reporting	✗	✓ 5.2× baseline
Cost vs traditional university	~10–20%	✓ Just 1%
Skills → Jobs → Income pathway	✗	✓ Career Compass

75%

of white-collar tasks are already automatable by AI.

50% of entry-level jobs at risk within five years.

Knowledge is a human right.

Paywalls in front of PDFs are barriers. We remove them permanently.

The economy has changed.

Education has not kept up. GVC is how it catches up — now.

Skills that survive AI are physical & skilled.

Every GVC course maps to a real, in-demand role with low AI-displacement risk.

25 years of enterprise proof.

Saudi Aramco. ExxonMobil. 4,400+ clients. 136M+ downloads. Not a startup pitch.

This changes the partnership conversation.

*Your students already have the free layer — today, no integration required.
What you partner with EON for is the part that gets them hired.*
