

FIND A PROBLEM. BUILD THE SOLUTION. TELL THE WORLD.

You have free access to Venture Builder. Your mission: find a real problem in your city, build a working prototype, record a 60-second video, and publish it. This is your CV credential, your ambassador hook, and your proof of concept — all in one.

4 PARTS

01

FIND A PROBLEM

02

BUILD THE MVP

03

PICK YOUR CITY. FIND YOUR PROBLEM.

You are NOT selling a global product. You are solving a LOCAL problem for a LOCAL buyer. A Cairo student selling to a Cairo business beats any California sales rep.

REGION	YOUR CITY / ZONE	PROBLEM TYPES TO FIND	WHO BUYS
PAKISTAN	Karachi · Lahore · Islamabad	Factory safety training · Healthcare worker skills · Logistics certification · Export compliance	Manufacturers, hospitals, vocational schools, textile exporters
BRAZIL	São Paulo · Rio · Manaus · Recife	SME employee onboarding · Agribusiness training · Real estate agent certification · Sustainability	Mid-sized businesses, agricultural co-ops, retail chains
MIDDLE EAST	Dubai · Riyadh · Cairo · Amman	Vision 2030 AI skills gaps · Construction safety · Hospitality staff · Banking compliance	Government entities, hotel chains, contractors, financial institutions
ANY REGION	Your city, your community	Any business where staff need to learn something, prove a skill, or get certified repeatedly	Any org with 10+ employees and a training or compliance need

BUILD YOUR MINIMUM VIABLE PRODUCT.

1

Log in to Venture Builder

Access through your OH-WOW dashboard. No access yet? Email Rahul — rahul@eonreality.com — set up within 24 hours, free.

2

Describe your problem to the AI

Use the prompt template on the right. Copy, fill in the blanks, paste into the AI mentor. It will guide you step by step.

3

Use VibeFlow to create content

Give it a document or topic → it generates full modules, narration, quiz questions, and a certificate template. No writing from scratch.

4

Get to a working demo

Stop when you can show it on screen. It needs to be real enough that a buyer can imagine their team using it. Not perfect — real.

5

Document what you built

Write 2–3 sentences: what it is, who it's for, what problem it solves, what a buyer pays for it. You'll need this for your video.

VENTURE BUILDER PROMPT — COPY & PASTE

"I am building a training solution for **[type of business]** in **[your city/country]**.

The problem is that **[describe the problem]** for **[who has this problem?]**.

The buyer is **[HR manager / owner / operations director]**.

I want to build a minimum viable training module that shows them what this could look like. Help me build it step by step."

TIME: A first MVP typically takes 2–4 hours. You have free access, no deadline on the product — just start. The constraint is committing to one problem. Pick it and go.

Tip: Give VibeFlow one document and it builds the entire course — modules, quizzes, and certificate.

THE VIDEO SCRIPT.

Fill in the blanks. Speak naturally — don't read word for word. Your accent, your city, your genuine reaction is the asset.

60-SECOND SCRIPT · FILL IN THE BLANKS

 Face camera. Good light. City or desk background.

"Hi, my name is **[YOUR NAME]**, I'm from **[YOUR CITY, YOUR COUNTRY]**.

I used EON's Venture Builder to build **[DESCRIBE WHAT YOU BUILT]**.

The problem I was solving is **[THE PROBLEM]** for **[TYPE OF BUSINESS]** in **[YOUR CITY]**.

It took me **[HOW LONG]** to build the first version — and I had never built anything like this before.

Here's what it looks like."

 Screen-share your product for 10–15 seconds.

"If you want to build something like this — for your city, your problem, your idea — the platform is oh-wow.ai. It's \$19 a month and you can start today."

 Smile. End on your face. Don't fade mid-sentence.

Equipment

Phone rear camera. Stable, propped up. Landscape (horizontal) mode only.

Lighting

Face a window or lamp. Never film with bright light behind you.

Audio

Quiet space. Close windows. Speak clearly, slightly slower than normal.

Appearance

Smart casual. LinkedIn-ready. Not a tuxedo, not pyjamas.

3 takes rule

Record 3 versions. Pick the best. Don't wait for perfect — send real.

YOUR DELIVERABLES. DUE IN 7 DAYS.

1

Your video file

MP4 or MOV · Minimum 720p · Send via Google Drive link, WeTransfer, or WhatsApp

Label it:
FIRSTNAME_CITY_VentureBuilderVideo.m
p4

2

2-sentence product description

What you built, who it's for, what problem it solves. Becomes your caption on oh-wow.ai.

Example: "I built an AI safety training module for garment factory workers in Lahore using EON's Venture Builder."

3

One product screenshot

Clean screenshot of your Venture Builder product — a module, assessment, or certificate screen.

This becomes the thumbnail for your testimonial on oh-wow.ai.

4

LinkedIn post (optional but powerful)

Post your video on LinkedIn with your ambassador code in the caption.

"I just built my first AI product using EON's Venture Builder. It took me [X hours]. If you're curious: [your ambassador link]"

EXAMPLES FROM YOUR REGIONS.

PAKISTAN · Lahore

PROBLEM

Garment factory workers need basic safety certification but training is expensive and slow.

WHAT THEY BUILT

A Venture Builder AI training module in Urdu — factory safety procedures, 5 modules, 10-question assessment, verifiable certificate.

BUYER

Factory HR manager

PITCH LINE

"Your workers get certified in 2 hours on their phone. No classroom. No travel. EON handles the certificate."

Built in: 3 hours

MIDDLE EAST · Dubai

PROBLEM

Hotel front desk staff need English communication training but it's expensive and inconsistent.

WHAT THEY BUILT

A Venture Builder conversational AI coach in Arabic/English — check-in, complaints, upselling — scored roleplay scenarios.

BUYER

Hotel training manager

PITCH LINE

"Your team practises real guest scenarios with an AI coach before they face a customer. No cost per session."

Built in: 4 hours

BRAZIL · São Paulo

PROBLEM

Real estate agents need continuous certification but classroom courses are expensive and inconvenient.

WHAT THEY BUILT

A Venture Builder certification course in Portuguese — property law basics, ethics, client communication — with blockchain-verifiable certificate.

BUYER

Real estate agency owner

PITCH LINE

"Your agents stay certified and compliant. No classroom, no travel, verifiable proof for any regulatory body."

Built in: 3.5 hours

7 DAYS.

ONE PRODUCT. ONE VIDEO. ONE SUBMISSION.

This is your proof. Not a university certificate. Not a promise.

Something real you built, in your city, for a real buyer — recorded and published.

- 01** Pick your city and your problem — tonight
- 02** Use the Venture Builder prompt — build your MVP this week
- 03** Record 3 takes — send the best one to Britta
- 04** Post your video on LinkedIn with your ambassador code
