

Your Graduates Are Entering a Workforce You Haven't Prepared Them For

EON AI Ventures · AI Fluency for Higher Education

"Every university should require prompt engineering for every student."

— Eric Schmidt, Abundance360 2026

for AI-Fluent Graduates

This Is Not a Technology Elective. It Is a Core Competency.

"Stop everything else. Every university should require prompt engineering for every student."

Eric Schmidt, Abundance360 2026

AI fluency is becoming as fundamental as literacy. Graduates without it face a measurable career disadvantage from day one.

The EON AI Proficiency Ladder

Where Do Your Graduates Land?

Most graduates enter at Level 1-2. Structured curriculum moves them to Level 3-4 before graduation.

100 Courses. 5 Modules. Ready to Deploy.

A Foundations (20 courses) *All students*

B Thought Partner (20 courses) *Research & analysis*

C Agents & Automation (20 courses) *Technical depth*

D Leadership & Governance (20 courses) *MBA/leadership*

E Entrepreneurship (20 courses) *Innovation/startups*

30-Day Deployment. Any Institution Size.
